When choosing the right mortgage for your client, bear in mind that whilst their circumstances and location are pivotal, the product itself is also very important - sometimes a product with a lower reversion rate or longer initial fixed rate can enhance your client's loan size.

Kensington review the Kensington Standard Rate (KSR) Quarterly. The current KSR rate is 3.95%.

This rate is set as of the 10th June 2026 and effective from the 1st July 2026 (all new mortgage application documentation is reflected with this rate from 11th March 2026). KSR is set using Bank of England base rate (BBR, the 'external rate'); KSR will never be more than 1% above the external rate, and will never be lower than the external rate (or 0%, whichever is the greater) at the time of reset.
